

Friendibles

CANNABIS OIL & BUTTER MAKER

Make edibles and infused food at home

Use infuse butter and oil to make edibles and THC infused food at home! The Friendibles Infuser quickly extracts cannabinoids and is designed to combine the best of ease and cost while promoting smart THC concentration tracking. It's time to choose your own strength. Personalize the concentration of THC in your infusion and infused foods. Simple and effective, for all user levels.
